Artist Residence

→LAV Artist Residence

LAV is an artistic residency program within Espacio Lavadero.

LAV aims to accommodate artistic creation in situ in the city of Granada.

LAV is a space for creation and exhibition based on coexistence and community.

LAV as support to the current artistic sector of emerging international art.

LAV as a laboratory for experimental creation, as an exhibition and informative space.

→Granada

The residency program is located in the center of the city of Granada, a city with a great historical heritage and a culture based on diversity. An ideal place to explore and create, with access to local archives, libraries, museums, theaters and the university.
